

BEST AVAILABLE COPY**REMARKS**

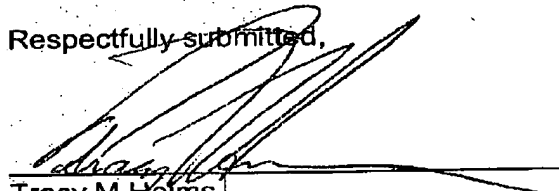

The Examiner is thanked for the Notice of Non-Compliant Amendment sent on 06/17/2005. Claim 12 has been placed in appropriate format and also, there was a typo on the originally submitted claims. Previously claims 11 and 14 read simply 60-150 due to an electronic transfer error from client to myself. The claims should read 60-150°C, as now corrected. This request for reconsideration is intended to be fully responsive thereto and the claims are now in appropriate format.

CONCLUSION

Accordingly, it is respectfully submitted that Claims 11-14 define the invention over the cited references and notice to this effect is respectfully solicited. Applicant believes that the claims are now in condition for allowance. No new matter has been added.

Should Examiner believe further discussion regarding the above claimed language would expedite prosecution they are invited to contact the undersigned at the number listed below.

Respectfully submitted,

Tracy M Helms
